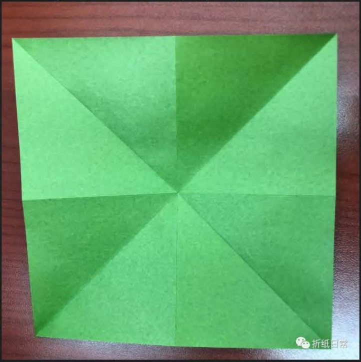
[Daily fish] Cartoon crow real shot

Original Syn is also **origami daily** 2019-05-25

Scan WeChat to follow the public account

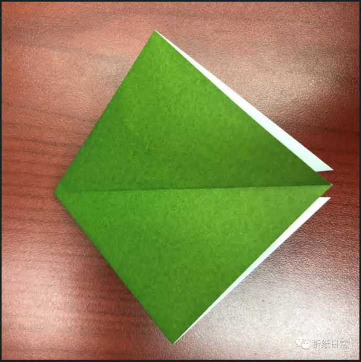
Good evening, everyone! I have seen you again. Today I bring you a real shot of a cartoon crow. Recommended paper: two-color paper above 20cm.

The picture does not know what the reason is, the direction has not been turned, everyone should treat cervical spondylosis :)



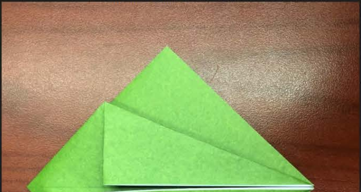
折纸日常

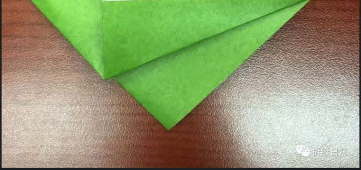
Make a double square



折纸日常

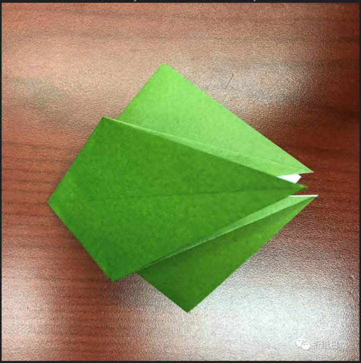
Fold the lines in half towards the center





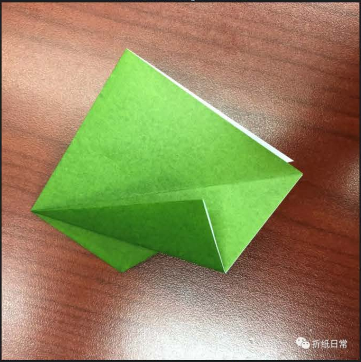
折纸日常

Pull away to make a half crane shape



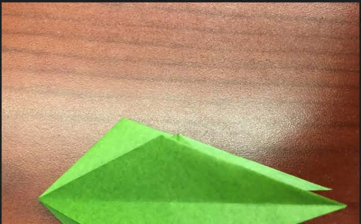
折纸日常

Reverse, make diagonal creases



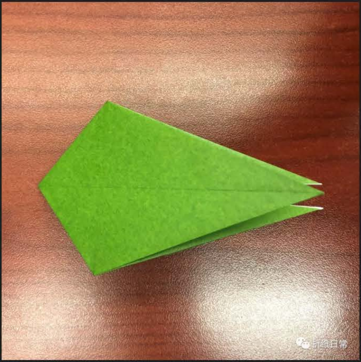
折纸日常

Rabbit ears folded, same on both sides



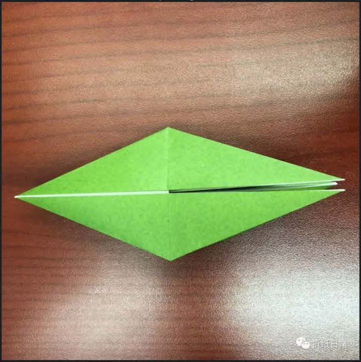
折纸日常

Turn back



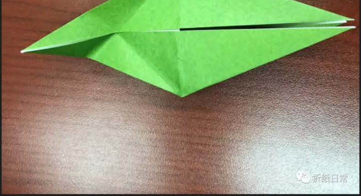
折纸日常

Fold the top triangle to the left



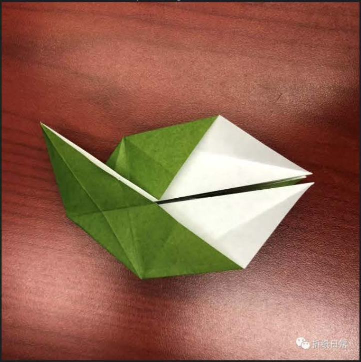
折纸日常

Make a 22.5 ° crease with reference to the paper layer below



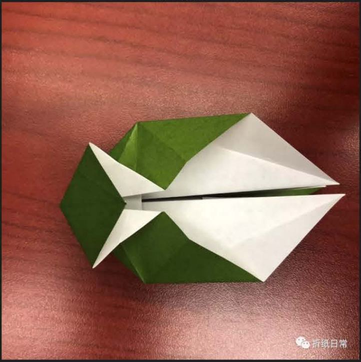
折纸日常

Open along the crease



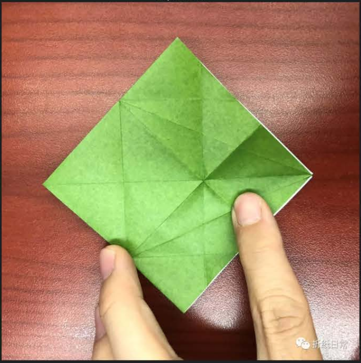
折纸日常

To flatten

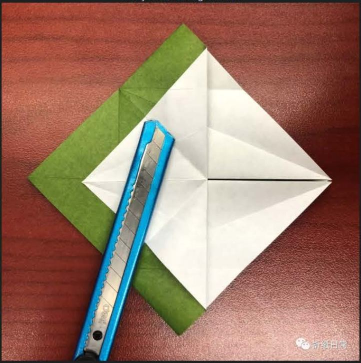


折纸日常

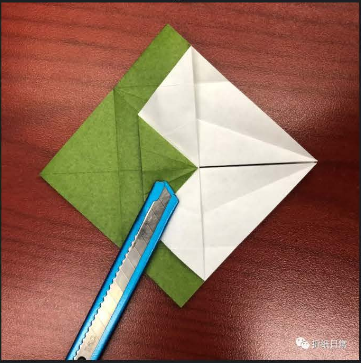
Expand all



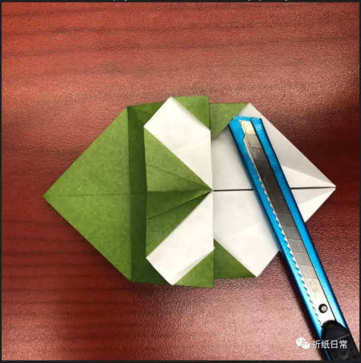
Valley break along the line



fold

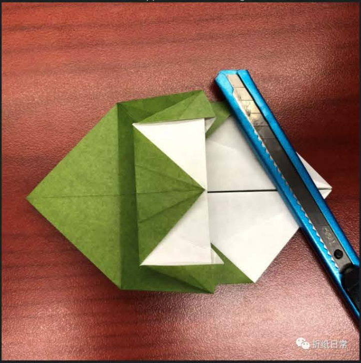


Turn inside, pay attention to the order of paper layers



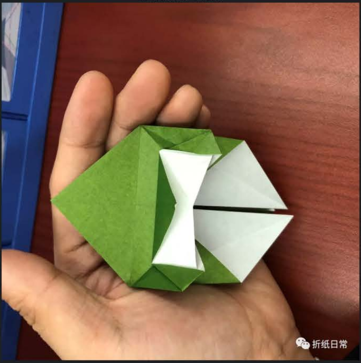
折纸日常

Fold the upper and lower triangles.



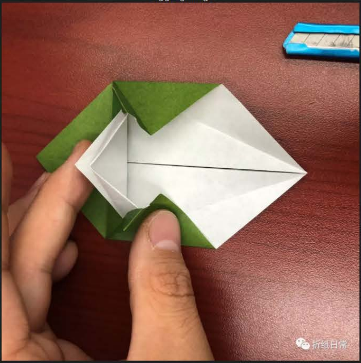
折纸日常

Make a crease along the three sides of the large triangle and aggregate toward the center

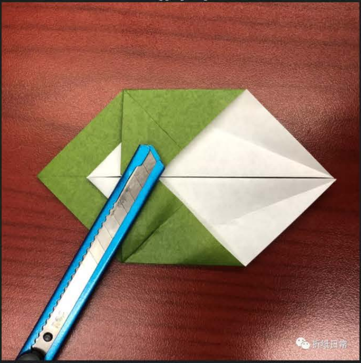


折纸日常

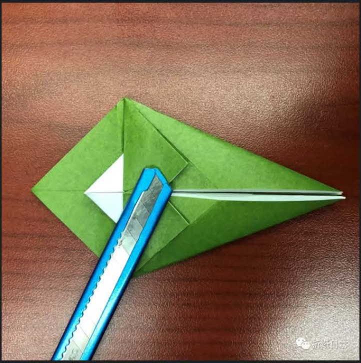
Aggregating



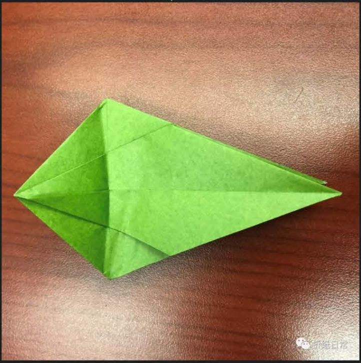
Aggregating



Inversion

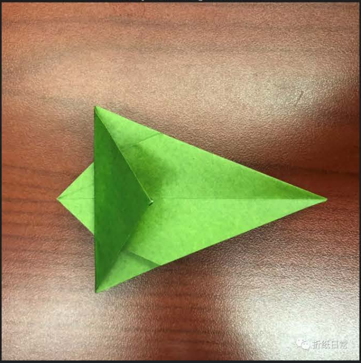


Flip back



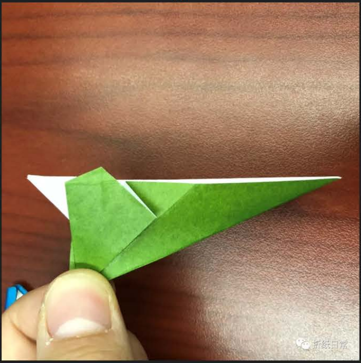
折纸日常

Valley break along the line



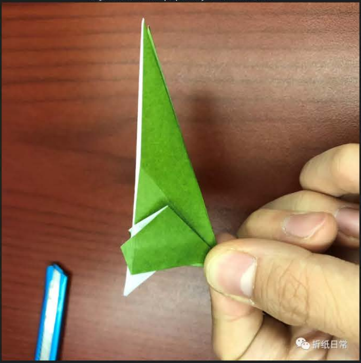
折纸日常

fold



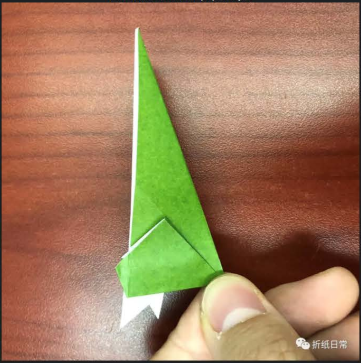
折纸日常

Adjust the inner paper layer not to burst



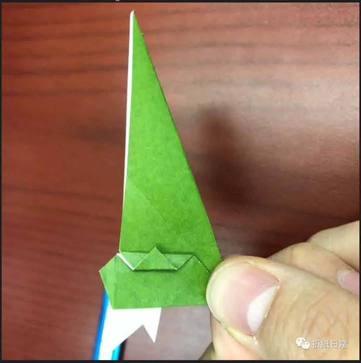
折纸日常

Pull down the inner paper layer



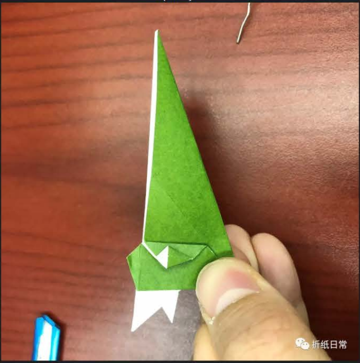
折纸日常

Segment breaks, free size control



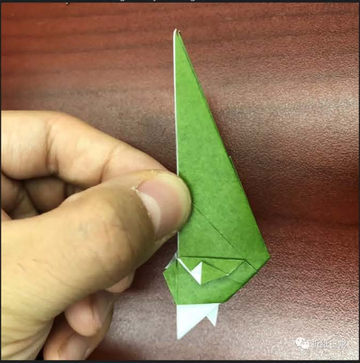
折纸日常

Open eyes



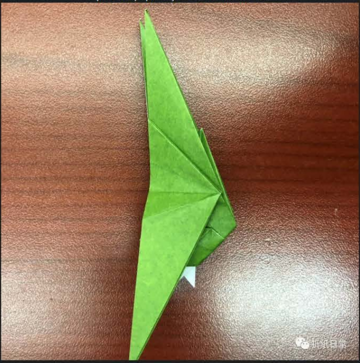
折纸日常

Mountain origami layer along the root of the mouth



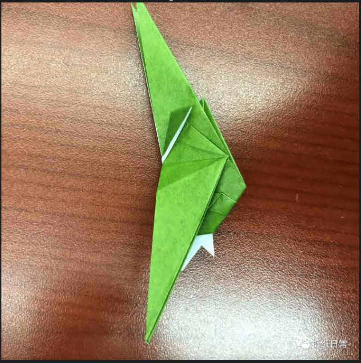
折纸日常

Open the paper layer to handle the feet



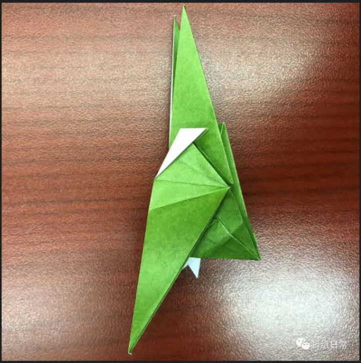
折纸日常

Trough crease



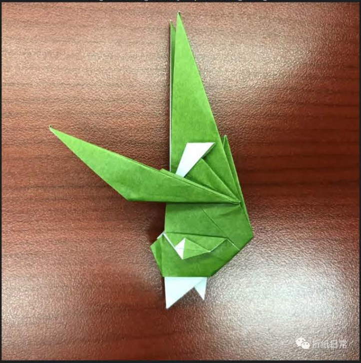
折纸日常

Overall eversion



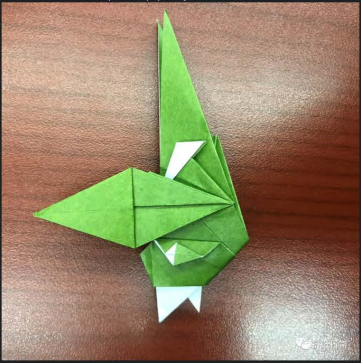
折纸日常

Segment origami layer processing wings



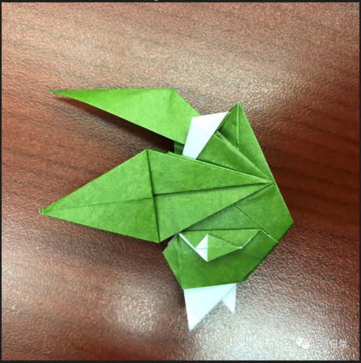
折纸日常

Open the paper layer and flatten it



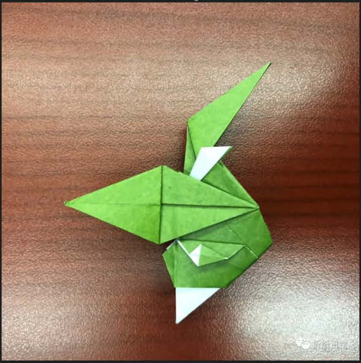
折纸日常

Valgus tail branch



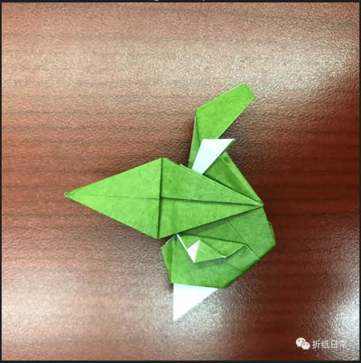
折纸日常

Fold out again



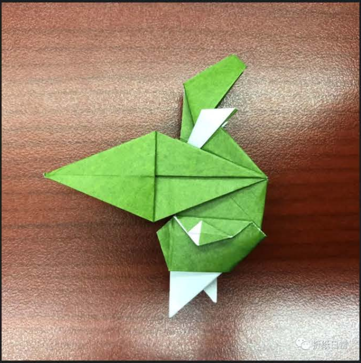
折纸日常

Organize shapes



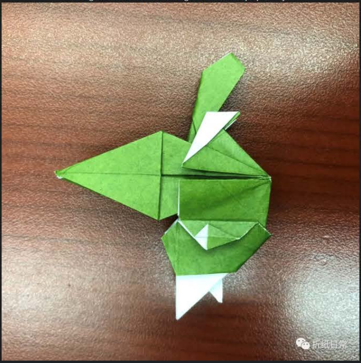
折纸日常

Same on the other side



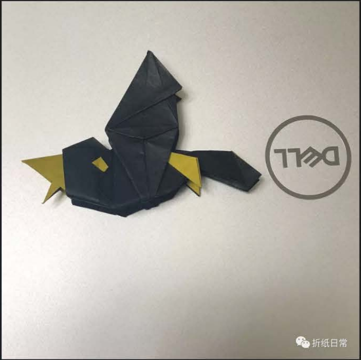
折纸日常

Hiding the root of the wings inside the paper layer



折纸日常

Finish.



Scan code attention not to get lost:
