

Whale

Bodo Haag

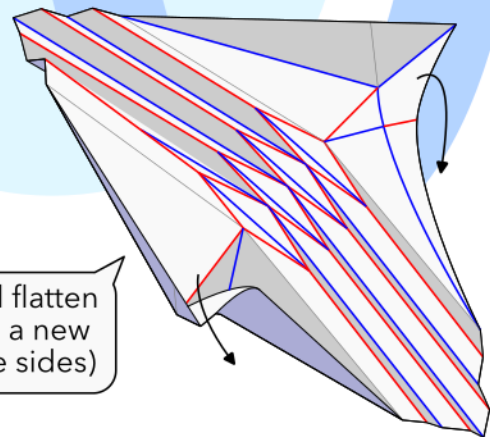

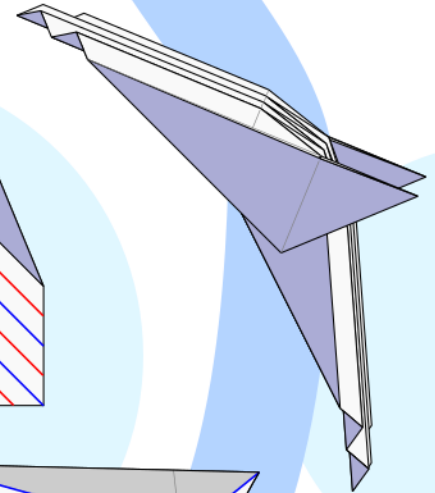

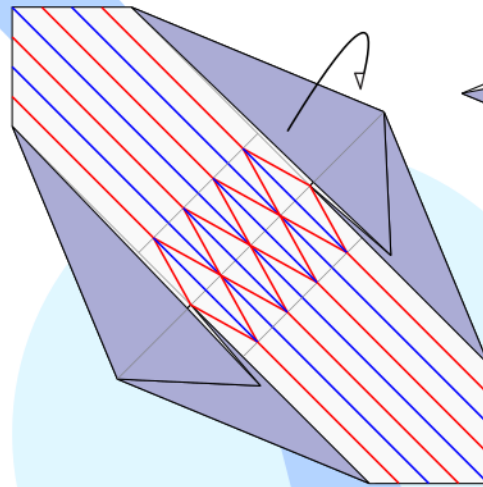

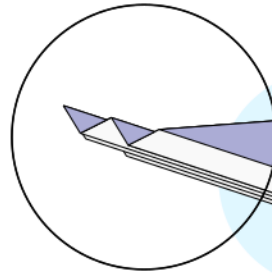

Start with the white
side facing up!

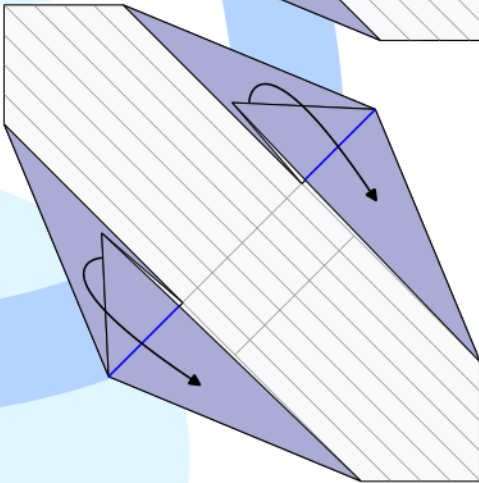

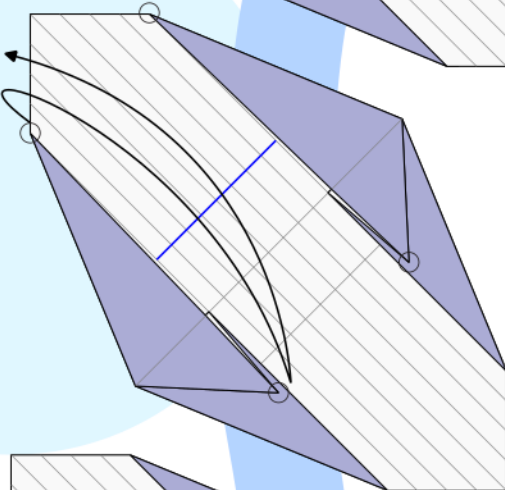

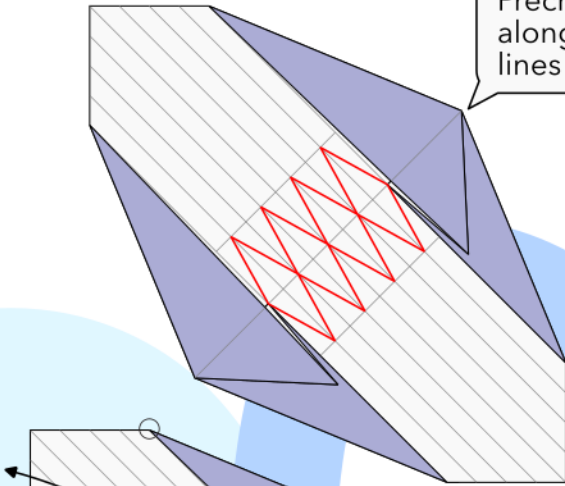

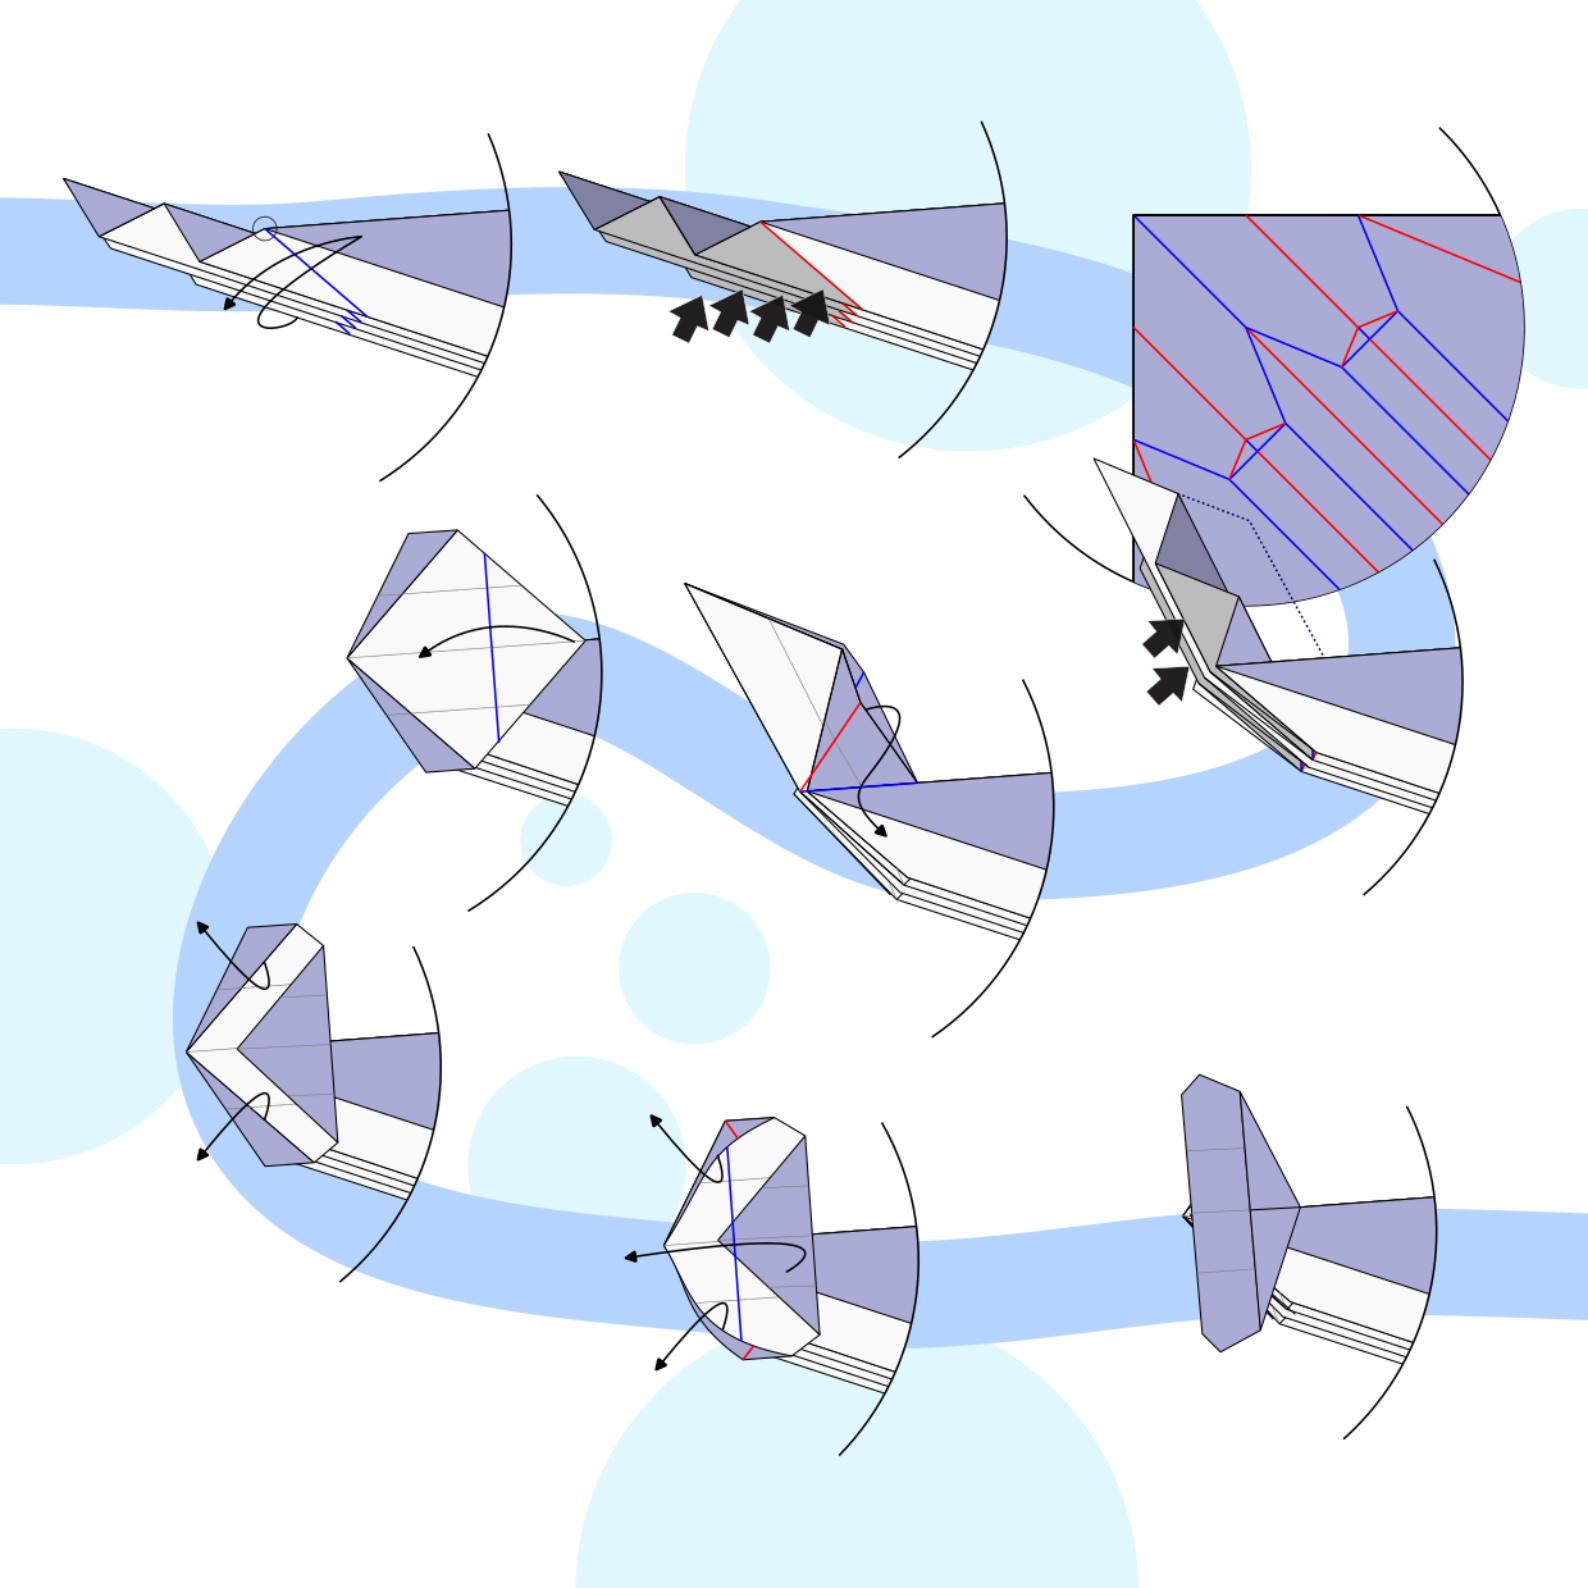

Crease only on the
white part here!

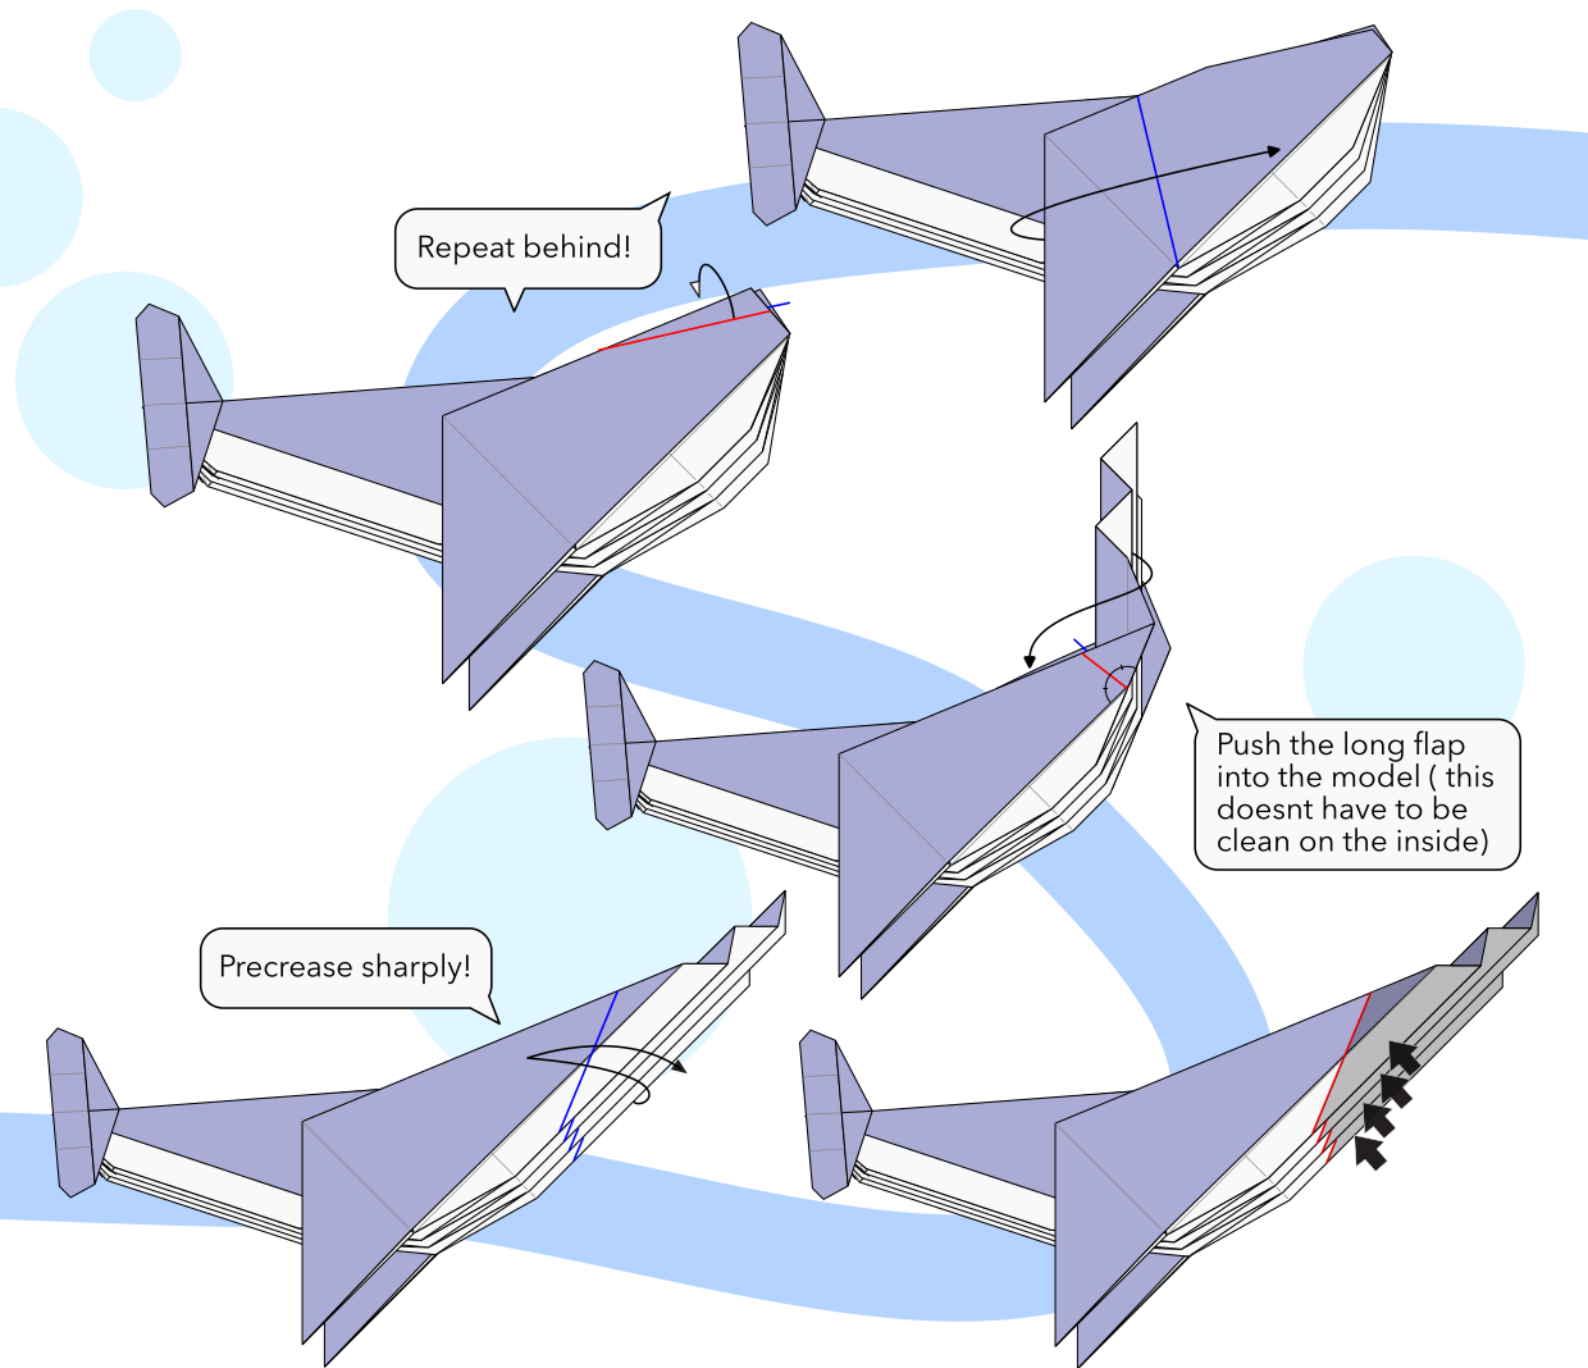

Precrease
along those
lines

Collapse and flatten
(there will be a new
crease on the sides)

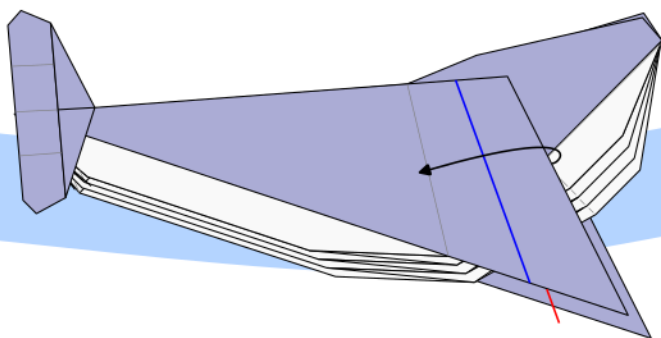

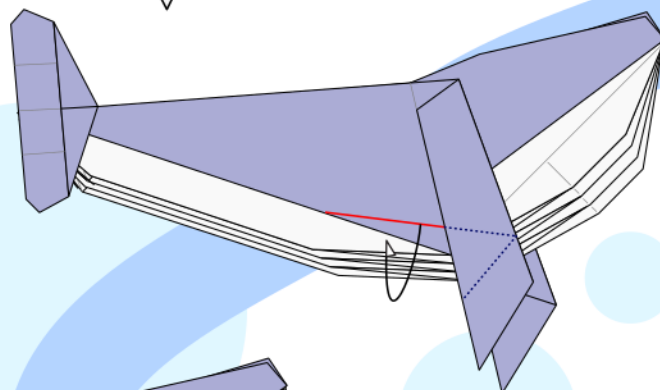

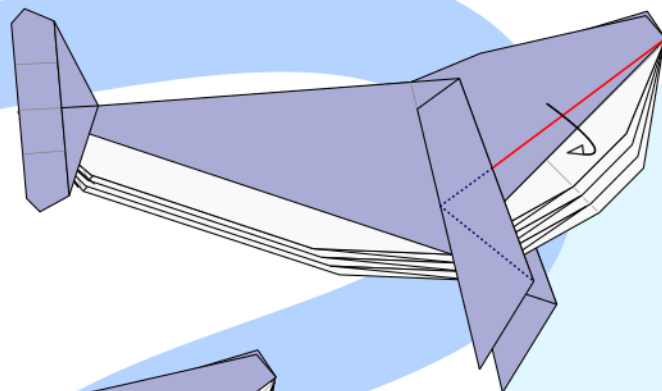

Repeat behind!

Push the long flap into the model (this doesnt have to be clean on the inside)

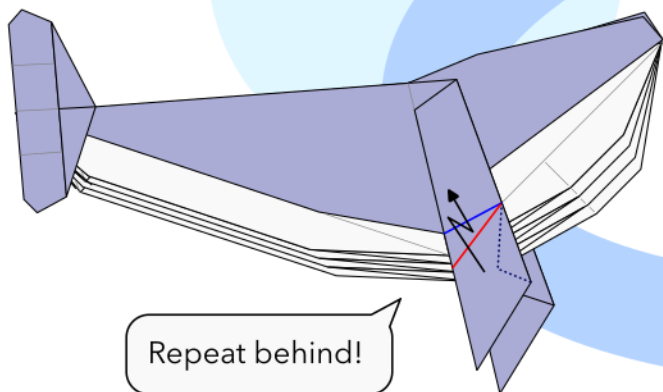

Precrease sharply!

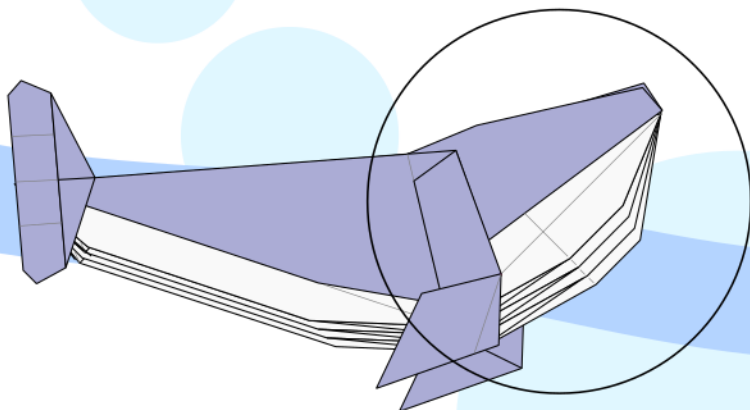

Repeat behind!

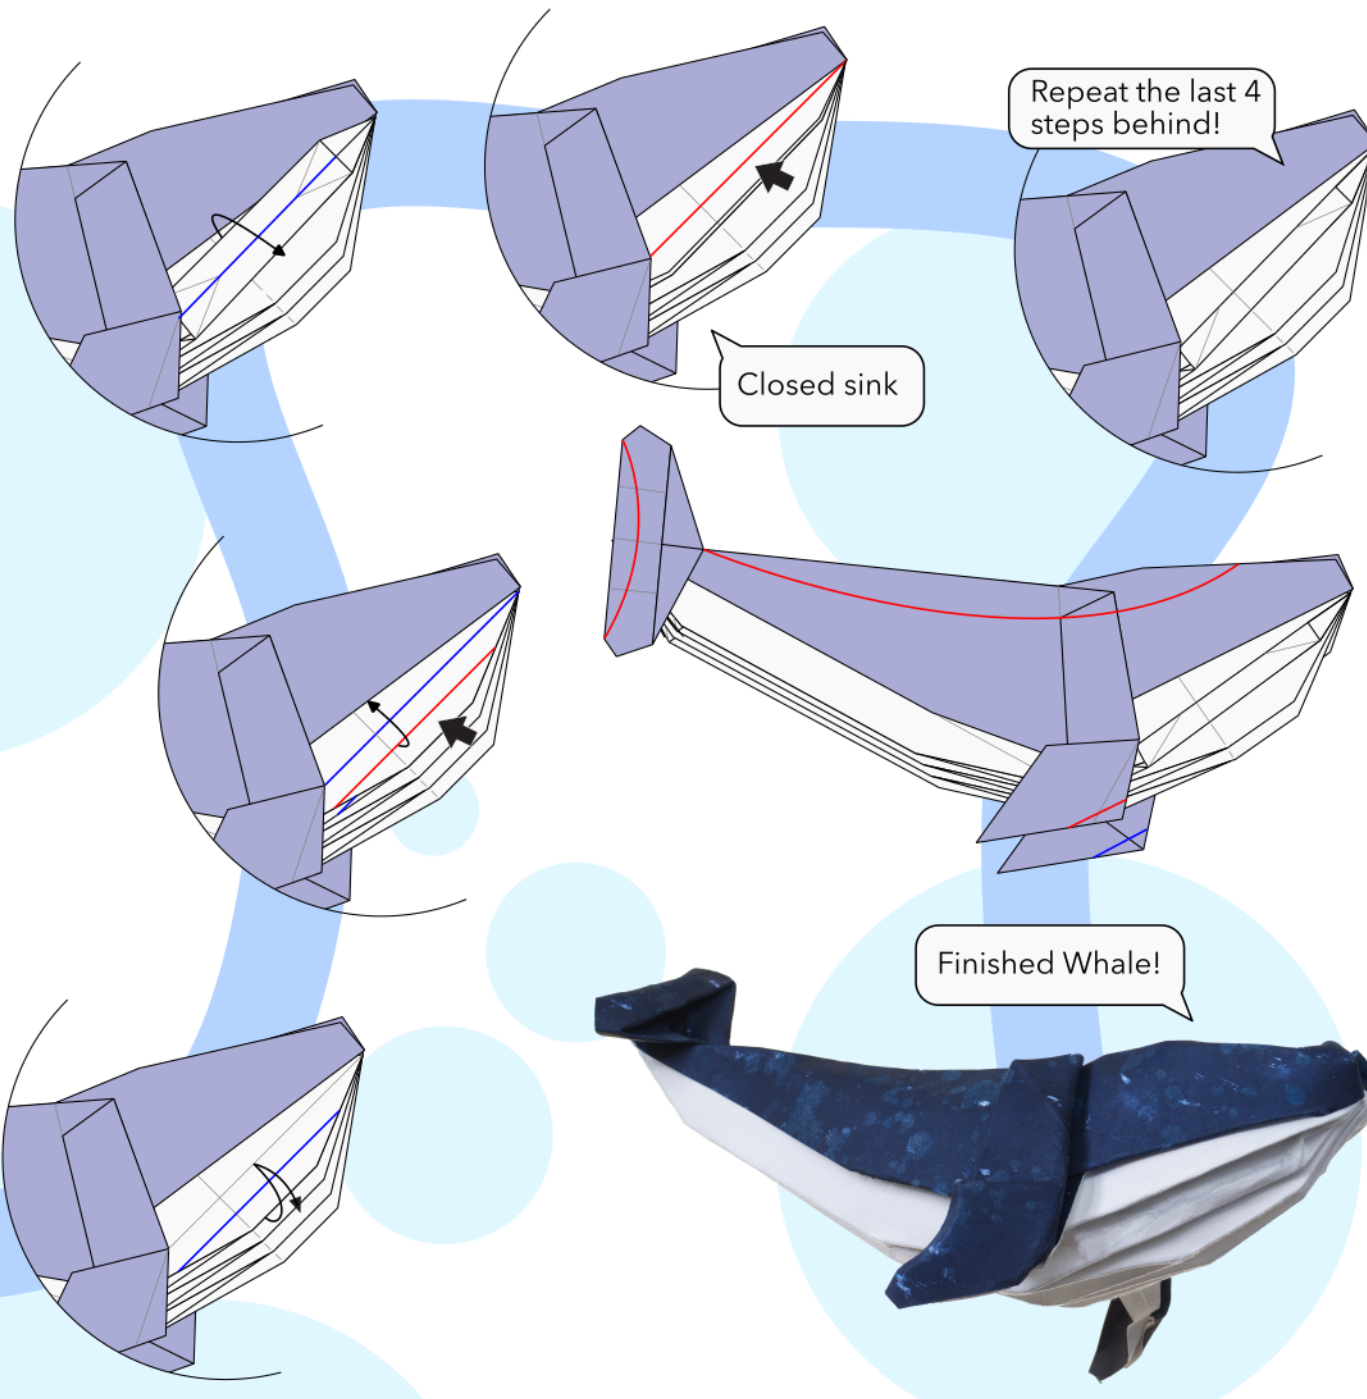

Don't worry about the creases that are hidden, they don't have to be clean.

Repeat behind!

Repeat the last 4 steps behind!

Closed sink

Finished Whale!
