The aggregation shot is fine enough! Then let's practice plastic surgery yourself!
The design of this work is simple and the branches are clear. I believe that everyone can do a good job comparing the finished pictures!

Let's look at a little piece that is not a snake belly. Triangle works, little dragon
It's a small benefit for entry-level friends, but this work seems like someone has made a real shot online or a video, I can't remember, anyway, I just make a CP daily small real shot for everyone! Play it!
