Origami Interactive Series No.54 total 145th CP entry exclusive small real shot

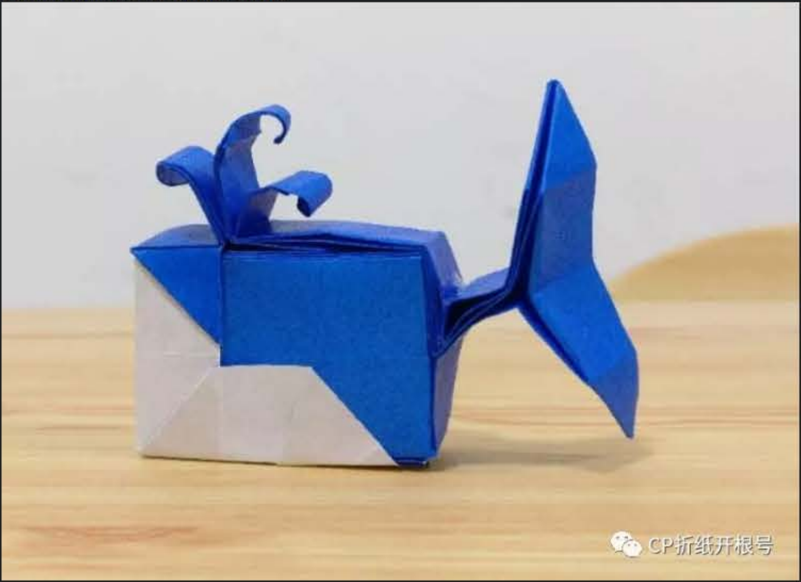
Original origami student Takayama **CP origami opening root** February 9

Hello everyone, welcome to CP Opening!

He promised Zheyou that there will be more issues in the long holiday, and he must do it! But I'm going to work tomorrow, and everyone is coming soon!
In this issue we are talking about two small objects, a three-dimensional single-sided fold and a two-dimensional flat fold.

below:::

The first work, cute little whale



CP折纸开根号

This work: 12 equally divided squares

I do n't need to say too much about paper selection, the size can be around 15
