Matayado Origami

Over 20 cm sq.
FOIL PAPER is better to fold.

START

From Fish Base

Done?

Fold wings to hexagon.

You need
a foil paper
and a pincette
to curl it to the
spheric cockpit.

Both sides.

Like this.

Both wings.

Close
the
wing.

Like this and,

Open.

Open.

Open & fold.

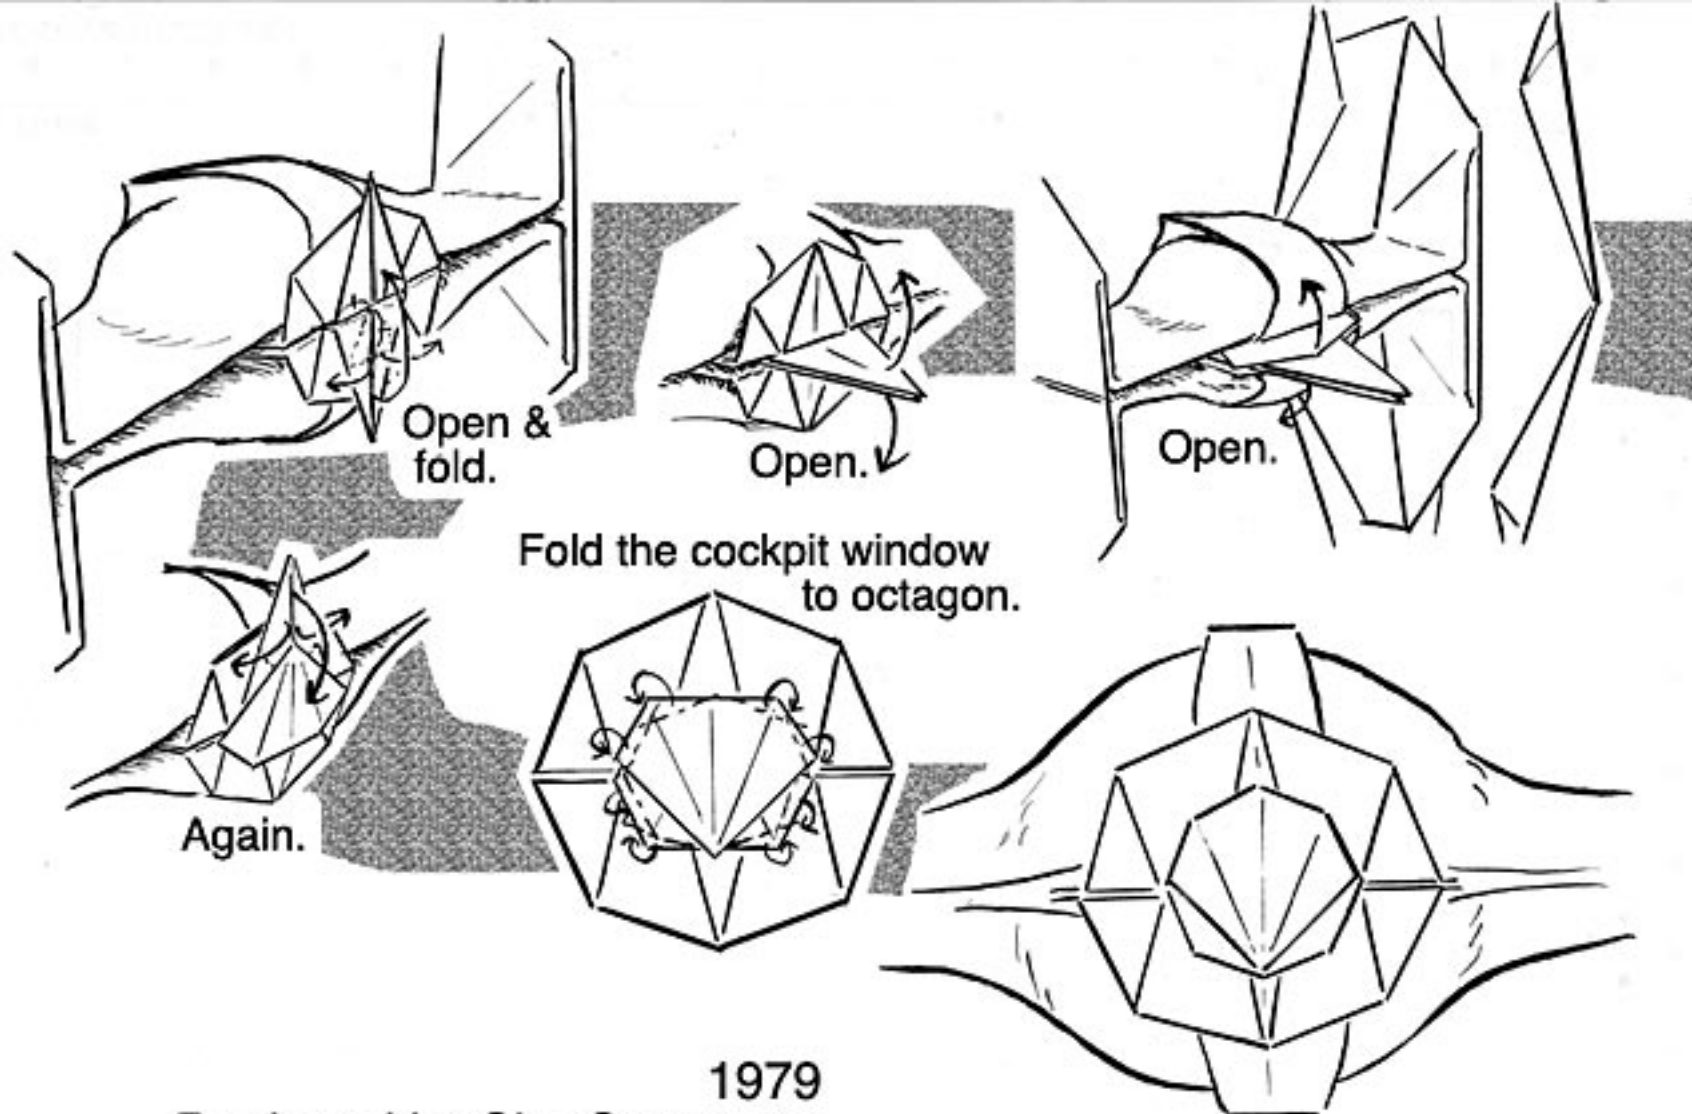

Open it large and
fold the corner to
inside of the wing.

Open & fold.

Like this.
